

## Information for Contributors

*Immigration Studies* is the journal of the Center for Okinawa Migration Studies. We welcome papers (original articles, research notes, and review articles) written in English as well as those in Japanese. The editorial board decides to accept or reject any papers.

### Manuscripts

Manuscripts should be typed double spaced, on one side of A4 or letter-size papers. Original articles, research notes, and review articles should not exceed 20 pages in print including spaces for notes, figures, and tables. Excess pages may be considered only at the authors' cost. Both American and British spellings are acceptable, though care should be taken to ensure consistency. On acceptance, contributors will be asked to supply computer files of the manuscripts. **Manuscripts for *Immigration Studies* Vol.15 should be submitted by January 31, 2019.**

### Title and keywords

Title should be appeared on a separate title page with up to five keywords.

### Headings

Section headings should be sequentially numbered with Roman numerals like "IV Discussion" and flush left. Subsection headings should be numbered with Arabic numerals in parenthetical expression like "(2) Method" and flush left.

### Notes

Notes should be numbered sequentially in the text and listed in a separate section after the text.

### References

References should be listed alphabetically by surname. Titles of papers, books, or periodicals in languages other than English are given only in English if their official translation is available. Otherwise, they are given only in the original languages. English translations may be given in parentheses, but they are optional. In these cases, signs such as (J) or (JE) should be put at the end: (J) means "in Japanese," and (JE) means "in Japanese with English abstract." For detail, please contact the editorial board.

### Figures and Tables

Figures and tables should be sequentially numbered with Arabic numerals (e.g. Figure 1, Table 2). Contributors should consider the size of the figures and tables because width for a figure and a table

is about 14cm at the printing stage.

### **Proofreading**

Normally only the first proof will be sent to the (first) author.

### **Copyright**

The copyright of accepted articles shall be assigned exclusively to the Center for Okinawa Migration. なお、「移民研究」発刊後、琉球大学学術リポジトリにて公開する。
